Intro & Genesis

Prakriti Environment Society

PES

Established in 1997

23-Year-Old Non-Government Organisation

A Women-run Organisation – CEO, Key Positions of Responsibility

Offices in Hyderabad, Karimnagar, Husnabad, Adilabad, Jagityal,

Bhadradri Kothagudem

Grass-root level sustainability focus

A pioneer in being forerunner for many causes in Telangana

A champion of the human cause – a true not-for-profit venture

Prakriti's Footprints

Our Mission... "It is our mission to enhance the quality of human life through designing, developing and executing scalable, replicable and sustainable models for education, livelihood, welfare, empowerment and ecological preservation through partnering with communities, government and industry alike"

Our Philosophy

Prakriti Environment Society- PES

Empowering Societies

Understanding that needs are society/community specific Staying in touch with realities Building empathy within organisation

Innovative & Sustainable Approach

Thinking outside the box Vs Adopting best practices
Meticulous designs for replication

Consorting for Knowledge sharing

Result Oriented

Handholding for Self-reliance Long-term impact Continued relationships Reach Focus

Empowerment at grassroot levels Systemic Problems

Approach Focus

Scalable, Specific & Sustainable Models Models for deployment

Progression Focus

Adaptability
Partnerships & Collaborations

Delivery Focus

Conformity Time-bound

Guidelines

Be the Change

Make It Easy

Keep Promises

Guidelines for Behaviour - Policies

Lead by Example, Set Models for Behaviour

Make Behaviours
Modular & Scalable

Ensure conformity & delivery

Governing Body

Prakriti Environment Society- PES

The Who and What of PES

Mr P Madhav Rao; President

- Synoptic Profile MBA, Chemical Engineer; 41 years of corporate experience (27 years in public sector & 14 years in private sector); Experience in executing large scale, turnkey projects
- **Key Specialities** Administration, Project Scaling & Execution, Liaison, Strategy & Project Coordination

Mr R Shanthi Kiran; General Secretary

- **Synoptic Profile** MBA, MSc (Psychology); First Generation Entrepreneur, Business Analyst, Strategy Management Consultant; 21 years of experience
- **Key Specialities** Analytical, Research tools, Strategy & Implementation, Training, Administration

Ms. M Jayasree; CEO

Founder of PES

Synoptic Profile

Lawyer, First Generation Social
Entrepreneur, Founder and Ex-president of

PES' Sustainable Development Mission

Over the last two and a half decades, PES has spearheaded the most crucial projects addressing contemporary and the most pertinent environmental and social issues in the state of Telangana. PES is not just another environmental activist group, but is a voluntary endeavour towards pursuit of knowledge and also towards creating and developing such environmentally conscious attitudes in the human genre

WE

Coverage of UN's SDGs

What "WE" means to PES

Empowering Women

Work towards building platforms of education, engagement and empowerment for women and girls to enhance their living conditions and provide them with equal opportunities of food, shelter, healthcare, education and livelihood

Create platforms to provide sanctuary for security, care and rehabilitation to women and girl victims of trafficking, domestic violence, destitution and other social stigmas

Empower women and girls through providing them equal access to education, health care, livelihood options and empowering them through sustained life skill counseling and handholding

Enable and coordinate participation of women in projects that provide sustainable livelihood solutions through skilling them and helping them utilize their skill to generate sustained market value

Projects under the scope of WE

- Women Health & Safety
- Women Education & Counseling
- Women Rehabilitation
- Health & Social Risk Awareness
- Women-care Hotline
- Women Training & Employment
- Women Self-Employment
- Women Self-Help Groups' Support

Scope of "CSR" Projects

Corporate Social Responsibility Tie-ins

What "CSR" means to PES

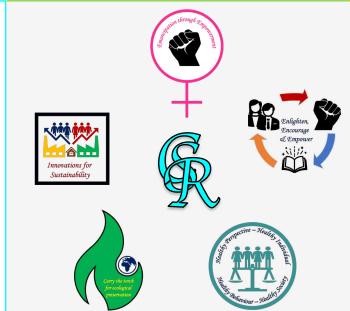

Work towards building partnerships with organisations that strive to advance the causes that PES has been committed to address

Social innovation through such partnerships which enable to execute projects in the areas of women empowerment, education and employment, ecological preservation, health and welfare and sustainable livelihood

Develop, build and apply unique models in the above areas that can lead to the upliftment of human cause while making an impact at grass root levels

Emerge as the most sought out partner/service provider for the corporates that are committed to bringing about change in the areas of human welfare and ecological preservation

Services under the scope of CSR

Projects

CSR

National Thermal Power Corporation

Infrastructure Support to Women Rehabilitation Centre

Corporate Social Responsibility Tie-ins

90 women that year, 50 women every year

A funding initiative for infrastructure support for the destitute women rehabilitation center run by PES in Karimnagar

PES runs a rehabilitation center for destitute women who are victimized by Domestic Violence, Trafficking, Family Alienation and so on. Over the last decade the center has rehabilitated more than 1300 women and 300 children dependent on those destitute women. One of the biggest challenges for the center is the lack of robust infrastructure as safety of the inmates is one the vital issues for such centers. With the help of NTPC's CSR funding a proper shed and walls were constructed to provide for a more permanent and strong housing structure for the inmates of the rehabilitation center

Sustainable Livelihood Programme for Women

30 women, ₹3,500 – 4,000 earning per month

A multi-pronged initiative consisting of skill development, infrastructure support for self-employment seekers in the trade of Tailoring in Karimnagar

Through the CSR Initiative of National Thermal Power Corporation (NTPC), PES was able to provide a 45 -day training programme on Advanced Tailoring skills to 30 young economically backward women and also provide all of them with Juki Tailoring machines to set them up for self-employment. PES was able to then generate orders from the market and set-up a channel linkage between the tailors and the buyers. Now this group is earning ₹3,500 - ₹5,000 per month on a consistent basis and the group has now increased to 40 young women

Projects

Eye-Check Camp

40 beneficiaries

A free medical camp providing eye check-ups for villagers at Arutla

One of PES main programmes is conducting mobile medical check camps at various places in the state. This is done through sponsored programmes by government or private institutions. Telenor Group (Uninor) through its CSR wing funded a free mobile medical camp that was executed by PES at Arutla village in Sangareddy district. The mobile camp that lasted for a day was principally focused on providing education about eye health and ways to take care of eyes properly while also the on-site ophthalmologist provided free check-ups for the participants in the programme

Channel Support for SHG

500 SHG members

An extensive channel support to help in brand-building and marketing for the SHG products through existing Telenor outlets

One of the major challenges in Sustainable Development project for clusters is to create brand awareness and brand recognition and the promotion strategy is quite often very expensive. Telenor Group's CSR wing strategically displayed the products and the brand of the SHG at all the various outlets of Uninor across the state of Telangana with primary focus on the Hyderabad region. This enabled the SHG not only build market but also build a brand for their products
